Scripture Reading Together: 1 Corinthians 1:10 to 17, and chapter 3

1. Why is it so easy to organize our selves behind a personality or position? (Your favourite author, speaker or megachurch etc...)
2. How did Paul show us in chapter 3 that the body of Christ is bigger than just one person?
3. Ultimately Paul says that him and Apolos are nothing. It is Gods power that brings about the growth. Why is this so important to remember?
4. Thinking back to your favourite teacher/leader from question one, why is it ok to be edified by them? (Assuming they are biblical). What ways can you ensure that you are getting outside of your tribal/camp tendencies?

8:20pm Prayer (**close group session**) and get into breakout time (**guys and gals separate**)  
Wrap up 8:50
